This Addendum forms a part of the contract documents and modifies the original ITB documents as noted below:

1. Bid due date has been extended until 11:00a.m. December 27, 2005.
2. Questions for Clarification will be accepted until 5:00p.m. December 20, 2005.
3. Omit Availability of Funding in Section 1, Q, in the Instructions to Bidders

In addition to the above modification clarification to the specifications are as following:

1. Database Size Information:

- A). 2.5 GB for data file, log files 1.6 (fluctuates), training data 2.5 GB, XML data transfer database 40 MB; (so approx Total is 6GB for the data bases)
- B). Approx number of juveniles in system is 88,000.
- C). Approx number of referrals on juveniles 215,000 (cases)
- D). 11, 756 attached PDF (imaged) files approx 1.1 GB.

2. Hardware and database platform information:

- A). IBM iSeries midrange hardware platform running under operating system and security O/S 400 Version 5.3, with integrated IXS servers
- B). Windows 2003 Server Networks and Windows XP at the desktop PC level

3. Relational Database and Tables:

- A). Juvenile Court Database is running a SQL Relational Database that has about 250 data tables. The tables contain data elements that are typical of the Juv Court process and function, name, juv name, date of birth, address, case numbers, etc.
- B). The tables and fields do have some basic restrictions and security checks in them to verify accurate data going in but nothing out of the ordinary that would make a conversion difficult.
- C). Examples of the restrictions include no alphas in the phone number field, and basic database rules as such.
